0. Introduction

- 0.1 These By-Laws have been drawn up pursuant to section 18.2 of the articles of association of the Company.
- 0.2 These By-Laws constitute a supplement to the provisions regarding the MB and its members as contained in applicable legislation and regulations, the articles of association of the Company and the rules governing the relationship between the SB and the MB as laid down in the SB By-Laws.
- 0.3 These By-Laws will be published on the website of Van Lanschot Kempen.
- 0.4 The meaning of a number of terms used in these By-Laws, whether or not capitalised, is given in the Definitions included in **Schedule 1**.

CHAPTER I COMPOSITION OF THE MANAGEMENT BOARD; FUNCTIONS

1. Composition of the MB; allocation of tasks

- 1.1 MB members will be appointed by the SB.
- 1.2 MB members will be appointed for a period expiring no later than on the day of the first General Meeting held four years after their appointment or reappointment. When preparing the appointment or reappointment of MB members, the diversity goals included in the inclusion and diversity policy of the Company will be taken into account.¹
- 1.3 The MB will consist of at least three members. The SB will determine the number of MB members with due observance of the provisions of the previous sentence. Notwithstanding the provisions of the articles of association in this respect, the MB will continue to be authorised to adopt resolutions, even if it does not consist of at least three members.
- 1.4 The MB will be composed in such a way that the required expertise, background and competencies are present to enable the MB to fulfil its duties properly. The size of the MB will be appropriate for achieving this composition.² The SB will draw up a profile regarding the size and composition of the MB. A sufficient degree of diversity in the composition will be pursued, with due observance of the provisions of the Van Lanschot Kempen Inclusion and Diversity Policy. Each MB member will be aware of the social role a bank has and the interests of the various stakeholders.³

² Dutch Corporate Governance Code 2022, Principle 2.1, Banking Code, under 'Executive Board'.

³ Banking Code, under 'Executive Board'.

- 1.5 The SB will (re)assess the suitability of individual MB members and the collective suitability of the MB.

An assessment of the suitability of MB members will be conducted:⁴

- a. before appointing new MB members;
 - b. before reappointing MB members, if the requirements for the position within the MB have changed or if the member is appointed to a different position within the MB;
 - c. if situations occur in the interim which give rise to a reassessment of the suitability.
- 1.6 When assessing the suitability, the SB will assess, in particular, whether or not the members:⁵
- a. are of sufficiently good repute;
 - b. possess sufficient knowledge, skills and experience to perform their duties;
 - c. are able to act with honesty, integrity and independence of mind;
 - d. are able to commit sufficient time to performing their functions.
- 1.7 MB members will be deemed to be of good repute and possess honesty and integrity if there are no objective and demonstrable grounds to suggest otherwise.⁶ MB members will notify the chair of the SB and the secretary of the Company of relevant changes to their record (*antecedenten*).⁷
- 1.8 Individual MB members can be charged with specific components of the management duty, without prejudice to the collective responsibility of the MB as a whole. The MB will remain collectively responsible for resolutions, even if they have been prepared by individual MB members. Individual MB members may not exercise any other powers than those explicitly granted or delegated to them by the MB and they may never exercise powers exceeding the powers that the MB may exercise as a collective.
- 1.9 The allocation of duties within the MB will be determined (and, if necessary, amended) by the MB, subject to approval of the SB. MB members charged with specific management duties will be primarily responsible for the execution, risk management and monitoring of these specific management duties. A system of representation may be applicable to the allocation of duties, in the sense that in the absence of an MB member who is primarily responsible for a specific management duty another MB member may take care of this responsibility. **Schedule 2** describes the present allocation of duties among the MB members, which on the part of the chair of the MB will be performed in addition to their duties as described in article 2 below.
- 1.10 Each MB member will inform the other MB members clearly and timely about how they exercised the delegated powers and about key developments in the field that falls under their responsibility.
- 1.11 An MB member will retire early in the event of inadequate performance, structural incompatibility of interests and in other instances in which this is deemed necessary by the SB. In the event of the early retirement of an MB member, Van Lanschot Kempen will issue a press release mentioning the reasons for the departure.⁸

to Section 2:110 DCC. The relevant shareholder will respect the response time stipulated by the MB, within the meaning of article 13.10.⁸⁰

13.10 If the MB stipulates a response time, it should be a reasonable period that does not exceed 180 days from the moment the MB is informed by one or more shareholders of their intention to put an item on the agenda to the day of the General Meeting at which the item is to be dealt with. The MB will use the response time for further deliberation and constructive consultation, in any event with the relevant shareholder (or shareholders), and will explore the alternatives. At the end of the response time, the MB will report on this consultation and the exploration to the General Meeting. The response time may be stipulated only once for any given General Meeting and will not apply to an item in respect of which a response time or a statutory reflection period as referred to in art. 2:114b of the Dutch Civil Code has already been stipulated or to meetings where a shareholder holds at least three-quarters of the issued capital as a consequence of a successful public bid.⁸¹

13.11 If a shareholder has arranged for an item to be put on the agenda, they will explain this at the meeting and, if necessary, answer questions about it.⁸²

14. Takeover situations

14.1 When a takeover bid for the shares or depositary receipts for shares in the Company is being prepared, in the event of a private bid for a business unit or a participating interest, where the value of the bid exceeds the threshold referred to in Section 2:107a(1)(c) DCC, and/or in the event of other substantial changes in the structure of the Company, the MB will ensure that the SB is involved in the takeover process and/or the change in the structure closely and in a timely fashion.⁸³

15. Contact with analysts, financial press and institutional and other investors

15.1 The contacts between the MB on the one hand and the press and financial analysts on the other will be handled and structured carefully and with due observance of the applicable laws and regulations. CHAPTER III MEETINGS OF THE MANAGEMENT BOARD; DECISION-MAKING

17. Meetings of the MB

- 17.1 The MB will, in principle, meet on a weekly basis or as frequently as one or more MB members deem desirable or necessary for the proper functioning of the MB. Meetings of the MB will be convened by the chair of the MB. The chair of the MB will, in principle, set the agenda for the meeting and will send it to all MB members at least three calendar days before the meeting, except in urgent cases, at the discretion of the chair of the MB. A written explanation will as far as possible be provided for each item on the agenda and relevant documents will be added.
- 17.2 Meetings of the MB will be chaired by the chair of the MB. If the chair of the MB is unable to be present at the meeting, it will be chaired by another MB member designated for that purpose by the chair of the MB. If no such designation has been made, the meeting will be chaired by another MB member designated for that purpose by the MB members present at the meeting, by a majority of the votes cast.
- 17.3 An MB member may be represented at meetings by another MB member.
- 17.4 The MB members present at the meeting will decide by majority vote on the admission to meetings of persons other than MB members and the secretary of the Company or their substitute.
- 17.5 The secretary of the Company will draw up minutes of the meeting of the MB. The minutes will provide an insight into the decision-making at the meeting. The minutes will be adopted by the MB at the same or the next meeting and in witness thereof signed by the chair of the MB and the secretary of the Company.
- 17.6 Meetings of the MB can also be participated in by conference call, video conference or other means of communication.

18. Decision-making within the MB

- 18.1 Each MB member has one vote.
- 18.2 MB members will promote as much as possible that resolutions are adopted unanimously. If unanimity proves infeasible and the law, the articles of association of the Company or these By-Laws do not prescribe a larger majority, resolutions of the MB will be adopted by a majority of the votes cast. In the event of a tie of votes, the vote of the chair of the MB will be decisive.

⁸⁷ Dutch Corporate Governance Code 2022, best practice provision 4.2.4.

The MB can only adopt resolutions if a majority of the MB members in office is present or represented.

- 18.3 Resolutions of the MB will in principle be adopted at a meeting of the MB.
- 18.4 The MB will in principle refrain from adopting resolutions in a field for which a specific MB member is responsible if both that member and their substitute are absent.
- 18.5 Resolutions of the MB may also be adopted in writing, provided that the proposal concerned has been submitted to all MB members in office and none of them objects to this manner of decision-making. The adoption of resolutions in writing will take place by means of written statements of all MB members. A statement of an MB member who wishes to abstain from voting regarding a resolution to be adopted in writing will indicate that they do not object to this manner of decision-making.
- 18.6 The MB may deviate from the provisions of articles 18.2 (last sentence), 18.3, 18.4 and 18.5 if the chair of the MB deems this necessary given the urgent nature or other circumstances of the case, provided that all MB members will be enabled to participate in the decision-making. The chair of the MB and the secretary of the Company will draw up a report of the resolutions adopted in this manner, which will be added to the documents for the next meeting of the MB.
- 18.7 A resolution adopted by the MB may be announced externally by a statement of the chair of the MB or the secretary of the Company.

CHAPTER IV OTHER PROVISIONS

- 19.4 An MB member will not participate in the deliberations and decision-making if they have a direct or indirect personal interest therein that conflicts with the interests of the Company.⁹¹ If, as a consequence, no resolution may be adopted by the MB, the resolution will be adopted by the SB.
- 19.5 If a conflict of interest has been identified that may impact the independence of mind of an MB member, the competent authority will be notified of this and of the mitigating measures taken.⁹²
- 19.6 All transactions in which there are conflicts of interest with MB members will be agreed on terms that are customary in the market. Decisions to enter into transactions in which there are conflicts of interest with MB members that are of material significance to the Company and/or to the relevant MB members will require the approval of the SB.⁹³
- 19.7 All transactions between the Company and natural persons or legal entities holding at least 10% of the shares in the Company will be agreed on customary market terms. 22. Other positions

- 22.1 MB members will hold no more than three supervisory board memberships, including no more than two supervisory positions at so-called large legal entities within the meaning of Section 2:132a DCC at the time of (re)appointment. MB members may not also be chair of the supervisory board or management board of a one-tier board of a large legal entity at the time of (re)appointment. An MB member may not be a chair of the supervisory board of a listed company. The membership of a supervisory board of group companies of the Company (not being a large legal entity) will not be counted for this purpose.⁹⁹
- 22.2 MB members will notify the SB of any other positions before they accept them, except for other positions at group companies.¹⁰⁰

23. Possession of and transactions in financial instruments

- 23.1 MB members will be fully bound to the ‘Personal Account Dealing Policy’, unless provided otherwise below. Terms defined in the ‘Personal Account Dealing Policy’ have the same meaning in this article 23, unless defined otherwise below. These terms have been italicised below.

If the rules in this article 23 deviate from the ‘Personal Account Dealing Policy’, this article 23 will be observed.

The ‘Personal Account Dealing Policy’ constitute the regulations that are referred to in best practice provision 2.7.2 of the Dutch Corporate Governance Code.¹⁰⁴ Furthermore, MB members will at all times comply with all statutory regulations and legislation applicable in the Netherlands and elsewhere.

- 23.2 Shares held by an MB member in Van Lanschot Kempen will be long-term investments.
- 23.3 MB members will use a Van Lanschot Kempen investment account for conducting *personal transactions* (location requirement (*locatieplicht*)). The same applies to investment accounts in the name of third parties for which the MB member has a power of attorney. The location requirement does not apply to government bonds of OECD countries and Financial Instruments derived from such bonds, ‘open-end’ investment funds including Exchange Traded Funds (ETFs) – however excepting the ‘open-end’ investment funds managed within the Van Lanschot Kempen group – derivatives on indexes, raw materials or currencies or crowdfunding or direct investments in cryptocurrencies.

The chair of the SB can make an exception to the location requirement for MB members on special grounds and subject to conditions to be set by the chair of the SB. Before making an exception, the chair will consult with Compliance about the conditions to be set.

- 23.4 If an MB member has entered into a discretionary management agreement which has been approved by Compliance, the location requirement does not apply with regard to the *financial instruments* falling under the scope of this agreement.
- 23.5 An MB member who intends to conduct a *personal transaction* in (i) securities not issued by Van Lanschot Kempen or (ii) *financial instruments* derived from such securities will ask prior permission from Compliance. Compliance will decide whether permission can be granted and, if Compliance sees any reason for it, subject to which terms.
- 23.6 If an MB member intends to carry out a *personal transaction* in (i) securities issued by Van Lanschot Kempen or (ii) *financial instruments* derived from such securities during an *open period*, they will notify Compliance and the chair of the SB of the intended *personal transaction* prior to the *open period*.

MB members may not carry out the intended *personal transaction* without the approval of the chair of the SB. The chair of the SB will grant their approval if the intended *personal transaction* meets all requirements under, and does not conflict with, applicable legislation, regulations and policies. The chair of the SB will not grant their approval without seeking advice from Compliance. Compliance will consult with the secretary of the Company before giving its advice.

¹⁰⁴ Dutch Corporate Governance Code 2022, best practice provision 2.7.2., which stipulates that companies ‘should draw up regulations governing ownership of, and transactions in, securities by management or supervisory board members, other than securities issued, by the company’.

If the chair of the SB has given their approval, the MB member in question will consult with Compliance immediately before giving the instruction to carry out the intended *personal transaction*. It will be determined during this consultation whether any relevant facts and circumstances have become known that may be relevant to the decision to approve the intended *personal transaction* after the chair of the SB gave their approval:

- i. if so, Compliance will consult with the chair of the SB. The chair of the SB will then decide whether the intended *personal transaction* may take place and whether the instruction to carry out the intended *personal transaction* may be given. The MB member concerned may not carry out, or instruct another party to carry out, the intended *personal transaction* as long as this final approval has not been given;
- ii. if this is not the case, the MB member concerned may carry out, or instruct another party to carry out, the intended *personal transaction*.

The chair of the SB will record the approvals and the times at which they were given in writing or electronically. Compliance will record its advice, the substance of the consultations conducted with it and the times at which they were conducted in writing or electronically.

- 23.7 An MB member will report a *personal transaction* in shares or debt instruments of Van Lanschot Kempen or in any *financial instruments* derived from such shares and debt instruments no later than the third business day after the transaction date. MB members will ensure that a Person closely associated to them will report a *personal transaction* in shares or debt instruments of Van Lanschot Kempen or any *financial instrument* derived from such shares and debt instruments no later than the third business day after the transaction date.¹⁰⁵ The report will be made to the AFM using the report forms adopted by the AFM. The report can be made through Compliance, although the MB member or the Person closely associated will remain responsible for the report and the correctness of the report to the AFM.

The duty to make a report has been fulfilled when a report has been made to the AFM of the *personal transaction* pursuant to article 23.9 of these By-Laws.¹⁰⁶

- 23.8 If an MB member has entered into a discretionary management agreement with an independent asset management company with the approval of Compliance, articles 23.5 and 23.6 of the By-Laws will not apply to the MB member in so far as the *personal transactions* in *financial instruments* are carried out under this discretionary management agreement. An amendment or the termination of the discretionary management agreement will be reported to Compliance immediately.
- 23.9 In this article the following terms have the following meanings:
affiliated issuing institution: each other public company whose shares are listed and (i) with which Van Lanschot Kempen is affiliated in a group or in which Van Lanschot Kempen has a participating interest and of which the most recently adopted turnover amounts to at least 10 per cent of the consolidated turnover of Van Lanschot Kempen or (ii) which directly or indirectly provides more than 25% of the capital of Van Lanschot Kempen;
shares: shares and depositary receipts for shares and rights arising from an agreement to acquire shares and depositary receipts for shares.

¹⁰⁵ Article 19 of the Market Abuse Regulation (*Verordening Marktmisbruik*), the reporting obligation is subject to a threshold of EUR 20,000 per calendar year

¹⁰⁶ Brochure 'Insider trading' of the AFM (April 2019)(*Brochure handel met voorwetenschap van de AFM*), pag 23 regarding concurrence art 19 MAR and art. 5:48 Wft

An MB member will report to the AFM the shares and votes in Van Lanschot Kempen and in the *affiliated issuing institutions* they have at the time of appointment. This report will be made within two weeks of the appointment as MB member.¹⁰⁷

An MB member will report to the AFM without delay any change in their shares and/or votes in Van Lanschot Kempen and in the *affiliated issuing institutions*.¹⁰⁸ If a change in the shares and/or votes results in an underrun or overrun of the ranges referred to in the Financial Supervision Act¹⁰⁹ and a report of this has been made, the present report need not be made.

An MB member will provide all information regarding the shares and votes referred to in this article to Compliance at its first request.

An MB member will make every report to the AFM referred to in this article within the set terms using the report forms adopted by the AFM. The report can be made through Compliance, although the MB member will remain responsible for the report and the correctness of the report to the AFM.

If an MB member has entered into a discretionary management agreement which has been approved by Compliance, the asset management company will make the reports referred to in this article to the AFM without delay with regard to the shares and/or votes falling under the scope of the asset management. The MB member will ensure that this is properly included in the discretionary management agreement.

23.10 The SB or Compliance may determine in consultation with the MB that MB members are not allowed to carry out *personal transactions* in or provide advice about specific *financial instruments* as soon as MB members on account of their position are better suited to assess the issuing institution concerned than they would have been based on publicly available information.

23.11 The following applies in addition to article 4.7.1 of the ‘Personal Account Dealing Policy’.

If the investigation referred to in article 4.7.1.2 of the ‘Personal Account Dealing Policy’ concerns an MB member, Compliance will give the MB member the opportunity to respond to the provisional outcome of the investigation.

If the investigation referred to in article 4.7.1.3. of the ‘Personal Account Dealing Policy’ concerns an MB member, Compliance will report to the chair of the SB and the chair of the Risk and Compliance Committee. The SB will decide about any measure to be imposed. The chair of the SB will notify the MB member of the final outcome of the investigation. If the investigation concerns an MB member other than the chair of the MB, Compliance will notify the chair of the MB.

Article 4.7.1.4 of the ‘Personal Account Dealing Policy’ does not apply.

23.12 The following applies in addition to article 4.7.2 of the ‘Personal Account Dealing Policy’.

The objection by an MB member referred to in article 4.7.2 of the ‘Personal Account Dealing Policy’ will be submitted to the chair of the SB.

¹⁰⁸ Section 5:48(6) of the Financial Supervision Act

¹⁰⁹ Section 5:38 of the Financial Supervision Act and Section 5:40 of the Financial Supervision Act.

24. Confidentiality

Each MB member will undertake, both during their membership of the MB and afterwards, to refrain from disclosing in any way and to any person confidential information about the enterprise of the Company and/or companies in which it has an interest which the MB member became aware of in the performance of their duties for the Company and of which they know or should know that it is confidential, unless they will be obliged to disclose the information pursuant to the law. An MB member may, however, disclose information as referred to above to MB members, the SB and staff members of the Company and companies in which the Company has an interest, who should be informed of the information concerned in view of their duties for the Company and companies in which the Company has an interest. An MB member may not in any way use the information referred to above for their own benefit.

- 25.3 **Amendment.** The MB may amend these By-Laws from time to time with the prior approval of the SB.
- 25.4 **Interpretation.** If the meaning of any provision of these By-Laws is unclear or if there is a difference of opinion regarding the meaning of any provision of these By-Laws, the opinion of the chair of the SB will be decisive.
- 25.5 **Applicable law and jurisdiction.** These By-Laws are governed by Dutch law. Dutch courts have exclusive jurisdiction to resolve disputes arising from or relating to these By-Laws (including disputes regarding the existence, validity or termination of these By-Laws).
- 25.6 **Complementarity with Dutch law and the articles of association.** These By-Laws supplement the provisions regarding the MB as laid down in Dutch law, other applicable Dutch or EU legislation and the articles of association of the Company.
