The **Realised Volatility (RV_t)** is calculated on Business Day t over the twenty-five (25) consecutive historical Business Days preceding and ending on such relevant Business Day t as:

$$RV_t = \sqrt{\sum_{j=0}^{24} Weight_j * DV_{t-j}^2}$$

Where

DV_t is the Daily Volatility on Business Day t calculated as:

$$DV_t = \sqrt{RAR_t^2 * 252}$$

The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on a Share traded on that options exchange.

b) Consequences of a Merger Event in respect of any Share

If the Calculation Agent determines that a Merger Event has occurred in respect of any Share, the Issuer may:

- i) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date less, unless "Unwind Costs" are specified as being "Not Applicable" in the applicable Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement; and/or
- ii) make such adjustment to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Share or to the Notes) and determine the effective date of that adjustment; and/or
- iii) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the "Shares" and the "Share Issuer", respectively.

The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Merger Event made by an options exchange to options on a Share traded on that options exchange.

c) Consequences of a Tender Offer in respect of any Share

If the Calculation Agent determines that a Tender Offer has occurred in respect of any Share, then on or after the relevant Tender Offer Date, the Issuer may:

- i) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to the calculation of the relevant Reference Asset price or any amount payable under the Notes (which may include the substitution of the Share Issuer with another company or companies or fund(s), irrespective of whether such company or companies or fund(s) are then currently used for the purposes of the calculation of amounts payable under the Notes; or
- ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date less, unless "Unwind Costs" are specified as being "Not Applicable" in the applicable Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement; and/or
- iii) make such adjustment to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Share or to the Notes) and determine the effective date of that adjustment.

The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Tender Offer made by an options exchange to options on a Share traded on that options exchange.

d) Nationalisation, Insolvency or De-listing in respect of any Share

If in respect of any Share, the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing in respect of the Share or the Share Issuer, the Issuer may:

- i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes

(including the amount of interest payable, if any) to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment; or

- ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing less, unless "Unwind Costs" are specified as being "Not Applicable" in the applicable Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement.

e) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary in accordance with an aim of neutralising the distorting effects of such event.

f) Level or price correction

In the event that any level or price published on any relevant Exchange or by any relevant Index Sponsor in respect of an Index and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange or the relevant Index Sponsor within three Business Days (or such other Index Correction Period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

g) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or, in respect of any Share, the currency in which such Share is quoted, listed and/or dealt in on the Exchange (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes (including the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes (including the amount of interest payable, if any) as it deems necessary with an aim of neutralising the distorting effects of such events.

h) Additional Disruption Events in respect of any Share

If the Calculation Agent determines that an Additional Disruption Event has occurred in respect of any Share, the Issuer may:

- i) make any adjustment or adjustments to any one or more Product Parameters and/or any one or more other terms and/or conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate, and determine the effective date of such adjustment; and/or
- ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless "Unwind Costs" are specified as being "Not Applicable" in the applicable Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement.

i) Notices

The Issuer shall give notice to the holders of the Notes of any adjustment or early redemption made under this Condition 12 in accordance with Condition 14 (*Notices*) and, unless the Issuer is the Calculation Agent, the Calculation Agent shall give notice to the Issuer of any such adjustment or early redemption.

- ii) Where "Average Basket Level" or "Worst Performer of Basket" is specified as the applicable Reference Level in the applicable Final Terms and "Common Scheduled Trading Days" is specified therein as "Not Applicable", if the Calculation Agent determines that any Scheduled Reference Date is a Disrupted Day, then:
 - (1) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is not a Disrupted Day shall be the Scheduled Reference Date for such Basket Component; and
 - (2) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each an "**Affected Basket Component**") shall be the earlier of (A) the first Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component and (B) the Reference Cut-Off Date for such Affected Basket Component.

 - (2) the Reference Date for each Basket Component in respect of which the Scheduled Reference Date is a Disrupted Day (each, an "**Affected Basket Component**") shall be the earlier of (A) the first succeeding Scheduled Trading Day following the relevant Scheduled Reference Date that is not a Disrupted Day in respect of such Affected Basket Component and (B) the Reference Cut-Off Date for such Affected Basket Component (notwithstanding that such day may not be a Common Scheduled Trading Day).
- iv) Where "Average Basket Level" or "Worst Performer of Basket" is specified as the applicable Reference Level in the applicable Final Terms and "Common Scheduled Trading Days" and "Common Disrupted Days" shall both be "Applicable" are both specified therein as "Applicable", if the Calculation Agent determines that any Scheduled Reference Date is a Disrupted Day, then the Reference Date for each Basket Component shall be the earlier of (i) the first Common Scheduled Trading Day following the Scheduled Reference Date that is not a Disrupted Day for any Basket Component and (ii) the Reference Cut-Off Date (notwithstanding that such day may not be a Common Scheduled Trading Day).

 - (2) if such Reference Cut-Off Date is a Disrupted Day for such Index or Share, the Calculation Agent shall determine the Index Level of such Index or Affected Basket Component, or Price of such Share, as the case may be, at the Valuation Time on the Reference Cut-Off Date:

- (a) in the case of an Index, in accordance with the formula for the method of calculating the Index Level of such Index or Affected Basket Component, as the case may be, last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted values as the Valuation Time on the Reference Cut-Off Date of each security comprised in such Index, or Affected Index Basket Company, as the case may be (or if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the Reference Cut-Off Date, its good faith estimate of the value of the relevant security as of the Valuation Time on the Reference Cut-Off Date); or
